09 PACKAGING

Baling press machine which has various pressures, is suitable for packing type with flexible quantity.

10 SHIPMENT

With professional transport service, we commit to delivery products safely, on time.

MACHINERY

1

Yarn Extrusion Machine,
capacity 320-650kg/h

2

Circular Loom, the width
from 900mm to 2500mm

3

Weaving Loops Machine
100,70,50,20 mm

4

Lamination Machine,
capacity 80-150meter/minute

5

Automatic Cutting Machine
30-40 pieces/minute

6

Strength Tester Machine Yarn, Fabric, Loops

7

Sewing Machine Single line,
Double lines, Overlock

8

Flexo Printing Machine,
capacity 20-25 pieces/minute

9

Baling Press Machine

OUR PRODUCTS

			
TUBULAR BAG	CIRCULAR BAG	U-PANEL BAG	4 PANEL BAG
			

			
BAFFLE BAG	SLING BULK BAG	SLING BELT BAG	LENO BAG
			

OUR FACTORIES

1. HOANG HA JOIN STOCK COMPANY

Address: Area 3, Van Phu ward, Viet Tri, Phu Tho province.

Hoang Ha JSC was established in July, 2004 . This factory uses modern technological lines such as: Hana, Seijin... with capacity 1 million pieces every year.

2. KHANH AN PACKING MANUFACTURING JOIN STOCK COMPANY

Address: Phu Son, Hiep Son, Kinh Mon district, Hai Duong province.

Khanh An Packing Manufacturing JSC was established in November, 2013 . This factory uses modern tecnological lines such as: Chang Woo, Seijin... with capacity 1 million pieces every year.

3. TOAN LUONG MANUFACTURE & COMMERCIAL COMPANY LIMITED

Address: Gao Nam, Ho Tung Mau, An Thi, Hung Yen province.

Toan Luong Manufacture and commercial Co., Ltd was established in March, 2009.

This factory uses modern technological lines such as: Hana, Seijin... with capacity 1 million pieces every year.
